

Accounting Analyst

LOCATION

- Bethesda, MD
- Temple Hills, MD

DETAILS

- Fulltime / Salary

DESCRIPTION

- We are currently looking for an experienced Accountant who will provide financial information to management by researching and analyzing accounting data. This role requires individuals to evaluate and brief management on the Company's income and spending.

RESPONSIBILITIES

- Create quarterly and annual financial reports making sense of the Company's finances.
- Provide analysis to aid in achieving financial objectives, including performance analysis of trucks, drivers, and salesman, budgeting, forecasting, tracking variances and profitability
- Track daily sales of materials, equipment, and other expenditures.
- Stay abreast of pricing and profit margins.
- Create financial statements that detail profits, overhead expenses and tax deductions.
- Project profit and losses to help with strategic decision-making.
- Utilize math skills to analyze key financial data for briefing higher management.
- Investigate and provide feedback on accounting irregularities.
- Collect and interpret complex financial data to make recommendations for improvement.
- Work with various department leadership to perform regular financial audits.
- Write recommendation briefs regarding financial process that can be improved for greater transparency.
- Keep management informed of all financial/budgetary matters.

QUALIFICATIONS

- Experience working as an Accountant; 10+ years preferred
- Excellent knowledge of MS Excel
- Excellent communication and organizational skills
- Strong analytical skills demonstrating logical thinking by gathering data and looking at sources in various ways
- Well versed in the use of QuickBooks
- Bachelor's or Master's Degree in Accounting, Finance, Business, Economics, or Mathematics
- Able to interpret large amounts of data and find useful information
- Experience in role(s) related to high-level analysis
- Mathematical proficiency

BENEFITS

- Paid holidays (7)
- Company PTO Plan (personal time off)
- Medical, Dental, Life & Disability Insurance
- Performance bonuses
- Educational Assistance Program
- 401(k) plan
